Magnus Sörensen, Staffan Bricman

Mälardalens högskola

2019

Coverage

This is what to expect being cover in this lecture dependent on how far we get do to time.

- * What we did.
- * Show time plot of two occurrences.
- * What happens in the frequency domain for our classes.
- * How much do the data deviate.
- *
- *

What we did

- * Recorded a walking sequence of 30sec.
- * Recorded a running sequence of 30sec.
- * Throws data analysis.

Show what happens in frequency domain
